

List of Past Wetland Education and Training (WET) Workshops

[As at July 2008]

Workshop Name	Date	Duration (days)	Number of attendees	Number of Presenters	Workshop Notes	Field Visits
Mangrove or Saltmarsh?	21 Feb 2002	1	39	10	Yes	Yes
Wetland creation, restoration and management	19-22 March 2002	4	42	32	Yes	Yes
Aquatic macrophytes identification and management	6-7 March 2003	2	40	6	Yes	Yes
Toxic blue-green algae identification and water quality measurement and management	1-2 May 2003	2	33	6	Yes	Yes
Restoration and management of coastal wetlands	4-6 June 2003	3	36	19	Yes	Yes
Identification and, monitoring and management of waterbirds	10-11 Nov 2003	2	12	5	Yes	Yes
Recent techniques in restoration of mangroves and saltmarsh	19-20 Feb 2004	2	22	7	Yes	Yes
Recent Techniques in Protection, Creation and Rehabilitation of Coastal Saltmarshes	3-4 June 2004	2	31	14	Yes	Yes
Aquatic Macrophytes in Urban Wetlands: Identification, Assessment and Management	25-26 Nov 2004	2	25	11	Yes	Yes
Why and How to Monitor Wetlands	3-4 March 2005	2	41	6	Yes	Yes
Wetland Management Plans: why and how to prepare them	2-3 June 2005	2	24	7	Yes	Yes
Identification, Monitoring and Management of Waterbirds	1-2 September 2005	2	19	7	Yes	Yes

Aquatic Macrophytes: how to identify, regenerate and look after them	10-11 November 2006	2	22	15	Yes	Yes
Coastal Saltmarshes: recent techniques in their protection, creation and rehabilitation	2-3 March 2006	2	35	23	Yes	Yes
Wetlands Legislations: where and how to apply them	21-22 September 2006	2	28	16	Yes	Yes
Aquatic Macrophytes and Macroalgae: Identification and Management	14-15 March 2007	2	46	10	Yes	Yes
Inter-tidal Wetlands at Risk: Their values, impacts and management *	16 March 2007	1	19	5	Yes	Yes
How to Manage Mosquitoes in Wetlands	30-31 August 2007	2	19	10	Yes	Yes
How to Apply GIS Techniques to Better Manage Wetlands and Waterways	12-13 March 2008	2	35	12	Yes	Yes
Climate Change, Sea Level Rise and Wetland Adaptations	5-6 June 2008	2	64	16	Yes	Yes
Aquatic macroinvertebrates: identification, monitoring and assessment	20 – 21 November 2008	2	27	8	Yes	Yes
Inter-tidal Wetlands at Risk: Their values, impacts and management *	18 February 2009	1	26	8	Yes	Yes
How to apply GIS techniques to better manage wetlands and waterways	19 – 20 February 2009	2	23	9	Yes	Yes

* This workshop was organised for Senior Geography teachers.
